GIFT-BOOK, NEW.—Songs and Tunes for Education, edited by JOHN CURWEN. The Harmonies by JAMES TURLE, Esq., Organist of Westminster Abbey. The Pianoforte edition in handsome cloth binding, with gilt title, price 2s. 6d.

This work is the fruit of the Editor's residence in Germany. He collected books of music for young people in every town he visited. With the aid of Mr. James S. Stallybrass, the whole of this collection was analysed, and the choicest translated or adapted for English use. The Editor, however, never preferred a German piece when an English one would do as well. He aims to educate the feelings and sympathies of childhood by the habit of singing good songs. This he considers the proper office of music in schools. He takes care that the three school ages (childhood, boy-and-girl-hood, and youth) are suited with songs on the following subjects:—Country Scenes, the Seasons, Fancy and Humour, Kindness to Animals, Home Sympathies, Patriotism, Industry, Integrity, Religion, &c. There are two hundred and sixty-seven songs. This work will doubtless supersede the Editor's widely-known "School Music" and "School Songs."

An edition in the Tonic Sol-fa Notation, containing the Treble Voice "parts" only, price, in paper, One Shilling; in cloth, One Shilling and Fourpence. The "Education Songs," containing the words only, price Sixpence.
